

# University of Sunderland **Library Services**

## Visiting the library with children

We make every effort to support your studies by making our services accessible and fully understand that there may be times when you need to bring your children into our libraries.

Accompanied children are able to visit the library between the hours of 8:30 and 21:00

Children remain the responsibility of the parent or carer and must be constantly supervised everywhere in our libraries. This is to ensure a safe and secure environment for all of our customers and to maintain an environment conducive to study.
