Library Reading Lists

To search for journal articles you can use the search box on the library home page

You can use Library Search to find an article when you know exactly what you want and you have the bibliographic details, or you can do a keyword search and find out what has been published on a topic.

1

If you're starting from the library web page type your search terms and click search.

library.sunderland.ac.uk

[ADVANCED SEARCH](#)

Library Search provides simple, one-stop searching for books and e-books, videos, articles, digital media, and more.

Library Search also helps you manage your research. Sign-in in order to:

- Renew books and videos
- Create favourites lists

Chat for help 24/7 - click here

If you choose to go directly to Library Search go to <https://librarysearch.sunderland.ac.uk>

Keyword searching

2

Enter your search terms. You will be given some suggestions of some popular words that may match your search. This is an article level search, so you can select 'Articles' to narrow your search to just journal articles.

Visit our study skills webpages to find out more library.sunderland.ac.uk/skills

Keyword searching

3

You can refine your results using the limiters in the left panel.

- Choose the resource source type e.g. Articles
- Choose the date range you wish to view
- Select any relevant subject words that match your topic

Your goal is narrow your results to the most relevant articles

Visit our study skills webpages to find out more library.sunderland.ac.uk/skills

The screenshot shows a library search interface. On the left, a 'Refine your results' panel contains several filter sections: 'Expand results beyond Library Collections' (checked), 'Sort by Relevance', 'Availability' (with options like 'Held by library', 'Open Access', etc.), 'Resource Type' (highlighted in yellow, with options like 'Articles', 'Audio', 'Books', etc.), 'Creation/Publication Date' (highlighted in yellow, with a date range from 1500 to 2024), and 'Subject' (highlighted in yellow, with options like 'Academic writing', 'Adult', 'Analysis'). The main results area on the right displays a list of items. The first item is 'Williams, Katharine. 1989', available at St. Peter's Library. The second item is 'The study skills handbook' by Cottrell, Stella, with 2 versions found. The third item is 'Essential study skills : the complete guide to success at university' by Burns, Tom, with 4 versions found. The fourth item is 'Study skills connected : using technology to support your studies' by Cottrell, Stella.; Morris, Neil, 2012, available at Murray Library and online. The fifth item is 'Study skills for dyslexic students' by Hargreaves, Sandra, 2007, available online. The interface includes a top bar with '0 selected', 'PAGE 1', '1-10 of 2,566,740 Results', and a 'Personalize' toggle.

Once you select the appropriate subscription. You can search the Journal Title directly

- You can search by the journal title by typing the article name into the search box
- OR
- You can browse the journal title by navigating to the correct volume and issue

Visit our study skills webpages to find out more library.sunderland.ac.uk/skills

Why can't I access the full text of an article?

You are either not logged in, or we do not subscribe to the resource that you need. Unfortunately, we can't subscribe to everything.

How can I access an article if it is not available in full text online?

We may be able to obtain the article for you through the free Interlibrary Loan Service.

Why can't I log into a database (for example Science Direct)?

If you're logging into any external database you will need to choose one of the following:

Institutional login

Academic login

Shibboleth

Unfortunately, each database uses slightly different terminology but you always need to login with your University User ID and password.
